

Mastering Pandas: An in-depth Guide in Data Science Techniques for Researchers

Lecture 3 – 19 April 2023

Data visualization, statistical modelling, and managing varied datasets types

"Networking is the lifeblood of research. It allows us to share ideas, find collaborators, and create new knowledge." – Dr. John Creswell

Agenda

- Admin
- Questions
- Pandas Queries
- Timeseries Analysis

- All code and lessons – github repo:
<https://github.com/kode2go/nithecs>
- Discussions:
<https://github.com/kode2go/nithecs/discussions>
- Form: <https://forms.office.com/r/2uE8yTrjhg>
